

IL VOSTRO PARTNER PER LA FORNITURA INDUSTRIALE  
**YOUR PARTNER FOR INDUSTRIAL EQUIPMENT**

**As-Sabbadin** SRL

**AS SABBADIN** sorge in un complesso edilizio ampio e funzionale con un fornito magazzino.

L'azienda, nata nei primi anni '80, è leader nella fornitura di prodotti, componenti e ricambi di elevata qualità e contenuto tecnologico, per tutti i tipi di industrie ed attività commerciali ed artigianali.

L'elevato grado di professionalità aziendale ed i marchi prestigiosi trattati in esclusiva, hanno permesso l'allacciarsi di solide collaborazioni in Italia ed all'estero.

**AS SABBADIN** is located in the industrial Estate of Monteveglio, near Bologna, with a spacious and functional warehouse.

The company, founded in the early 80s, is leader in the supplies of products, components and spares of high quality and technological standards for a wide range of industries, as well as commercial and handicraft activities.

The extended professionalism of staff and management, as well as the prestigious levels of many exclusively represented products, have lead to solid and faithful partnerships in Italy and abroad.

Ruote libere

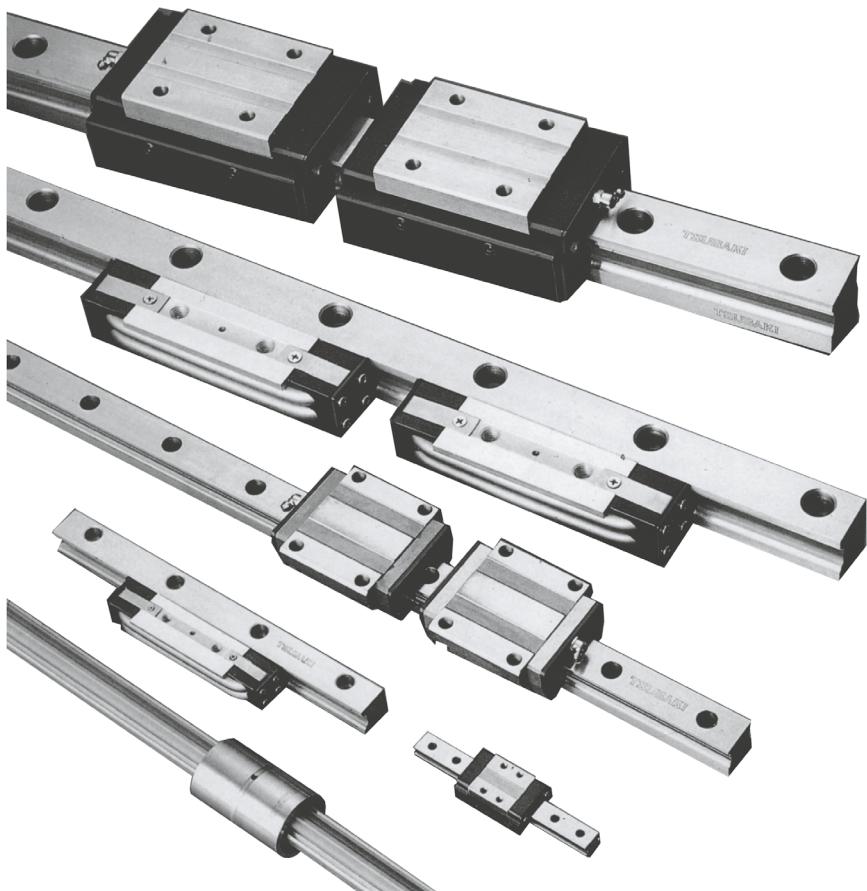

*Cam clutches*

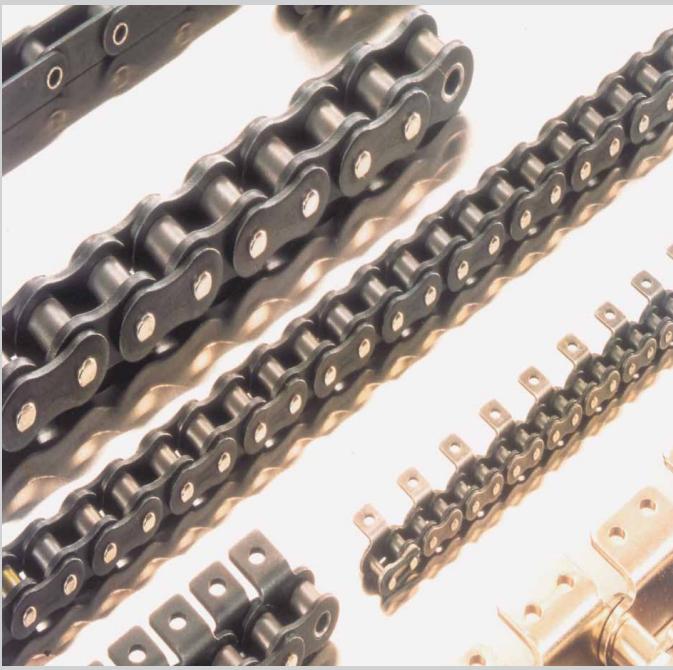

**TSUBAKI NAKASHIMA**

Tecnologia lineare

*Linear motion system*

Catene di trasmissione, catene da trasporto  
Transmission chains, conveyor chains

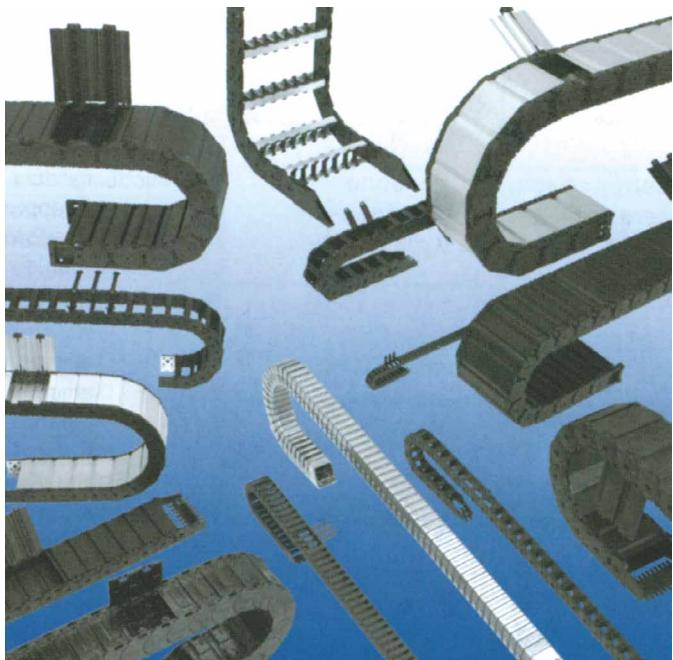

Attuatori lineari, martinetti  
Linear actuators, power cylinder

Limitatori di coppia, anche a gioco zero  
Torque limiter, torq gard, axial gard

Deceleratori  
Shock damper

Catene portacavi  
*Cable chain*

Rinvii angolari  
*Right angle gearboxes and reversing gearboxes*

Giunti di trasmissione  
*Transmission shaft couplings, flexible couplings*

Riduttori ad ingranaggi  
*Helical gearboxes*

## LAFERT MOTORS

Motori asincroni trifase ad alta efficienza IE2 - IE3;  
monofase; autofrenanti; a doppia polarità;  
su disegno del cliente  
Motori serie HP a magneti permanenti – High Performance  
Motori brushless ed azionamenti

*Three-phase asynchronous motors with high efficiency  
IE2 - IE3; Single-phase; brake motors; with dual polarity;  
on customer design  
Series HP motors with permanent magnet –  
High Performance  
Brushless motors and drive*

Motoinverter waterproof con comando estraibile wireless  
Motoinverter waterproof with wireless keypad

Elettropompe per uso industriale  
Electric pumps for industrial use

Motori in corrente continua a magneti permanenti  
Permanent magnets direct-current motors

Riduttori a vite senza fine ed a ingranaggi,  
variatori di velocità

*Worm gearboxes, helical gearboxes,  
variable speed drive*

Ventole centrifughe  
*Centrifugal fans*

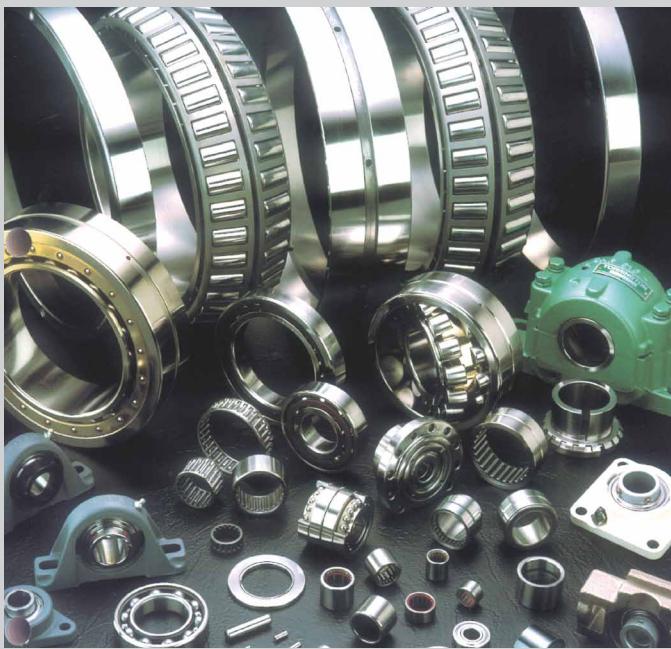

Ventilatori Centrifughi  
*Centrifugal Fans*

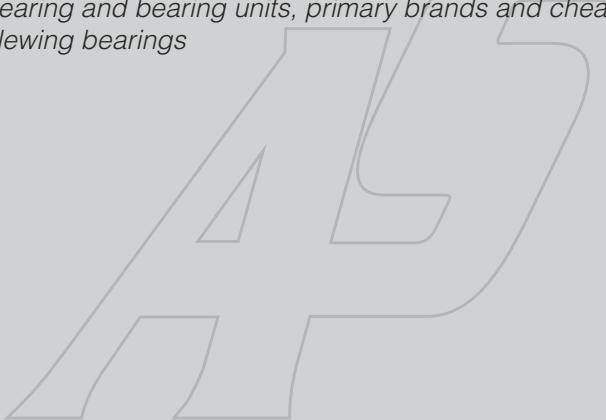

Ventilatori Assiali  
*Axial Fans*

Cuscinetti e supporti, marche primarie ed economiche  
Ralle d'orientamento

*Bearing and bearing units, primary brands and cheaper  
Slewing bearings*

Tecnologia lineare, profili in alluminio  
Linear motion system, aluminium profiles

Ruote libere a gabbia  
Free Wheels

Tecnologia lineare: barre e manicotti, viti a ricircolo di sfere,  
viti trapezoidali, guide e cursori

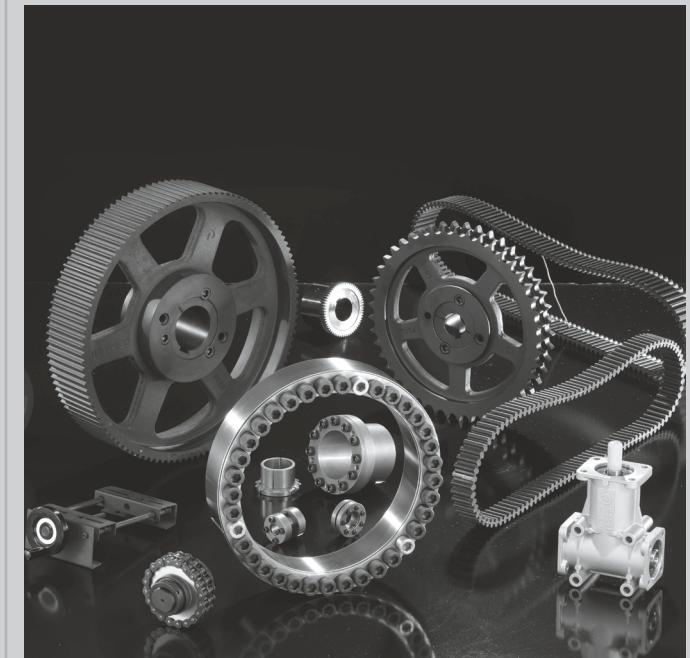

*Linear motion, shafts and shafts supports, slide bushes,  
trapezoidal screws and nuts, slides and rails*

Impugnature di manovra  
*Operating handles*

Molle a gas, anche versione inox  
*Gas springs also inox type*

Trasmissioni meccaniche a cinghia e a catena  
*Mechanical transmission belt and chain*

Boccole autolubrificanti, boccole sinterizzate, boccole in acciaio e bronzo  
*Self-lubricating bush, sintered bush, steel and bronze bush*

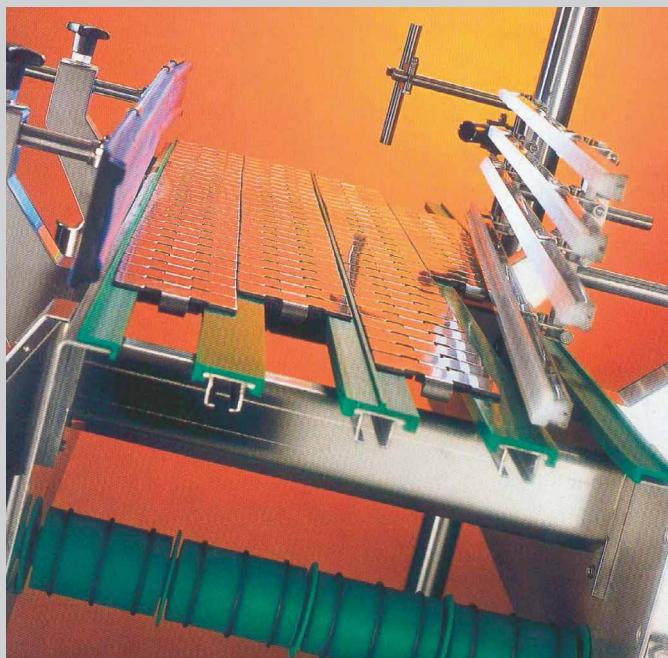

Giunti cardanici

*Universal joint, cardan transmission*

Componenti per linee di trasporto, catene, ingranaggi, guide, supporti

*Conveyor components, chains, belts, sprockets, corner tracks, bearings support, levelling pads*

Antivibranti, piedini di sostegno e livellamento

*Antivibration, dampers*

Ruote industriali

*Industrial wheels*

Tappi in plastica  
Plastic caps

Fascette metalliche ed in nylon  
Metal and nylon clamps

Motovibratori, vibratori pneumatici  
Electric motovibrators, pneumatic vibrators

Prodotti e sistemi per la salvaguardia e l'igiene dell'ambiente, contenitori per ogni tipo di stoccaggio  
Products and systems for the protection and health of the environment, containers for each type of storage
